

Odour Absorbing Splatter Screen

Thank you for purchasing our Odour Absorbing Splatter Screen.

This handy 3 in 1 product protects your kitchen against grease splatters, absorbs strong odours such as garlic and onions with its built in activated carbon filter and allows steam to pass through all at the same time.

Instructions for use:

Simply place the splatter screen over any saucepan or frying pan.

Easy folding cool-touch handle to grip when hot and to fold down for storage.

Wash under boiling water and leave to dry.

Not recommended for use in dishwasher.
