

Plug in Pest Repeller Set of 3

The product is a Plug-In unit and does not require any batteries
The frequency is not audible to humans or pets

PLACING THE DEVICE:

To get the best effect from this product, place it 80-120cm above floor level.
The product will also work lower or higher up. This is just a recommendation for optimal effectiveness
It is recommended to put the unit into each room that needs to be treated.
Try to plug it away from big furniture to increase its ultrasonic wave range

CAUTION:

This is not a toy. Keep out of reach of children
Do not wet this device
Do not cause damage to inner components
Do not put the device in front of a soft object that absorbs ultrasonic sounds
Do not cover the device, it may damage it or cause a dysfunction
Do not place in children's bedroom or in presence of ultrasonic sensitive persons

INDOOR USE ONLY
